Trade Secrets in Universities and Research Centers

07th April 2025 - CCT MOREGO

10:45-12:00 Leonardo meeting room & on-line

Trade secrets play a crucial role in safeguarding knowledge and innovation within the academic sector, particularly in scientific research, industry collaborations, and the valorization of research outcomes.

This panel will outline the key areas in which trade secret protection is implemented, encompassing both internal regulations addressed to faculty, PhD candidates, students, and researchers, as well as relationships with external companies. The discussion will include an analysis of the main tools—both organizational and contractual—that must be adopted to ensure the protection of this valuable resource.

Speakers:

Avv. RA Mattia DALLA COSTA: Partner CBA Studio Legale e Presidente LES Italia

Avv. Alessia FERRARO: Associate CBA Studio Legale
