TITLE

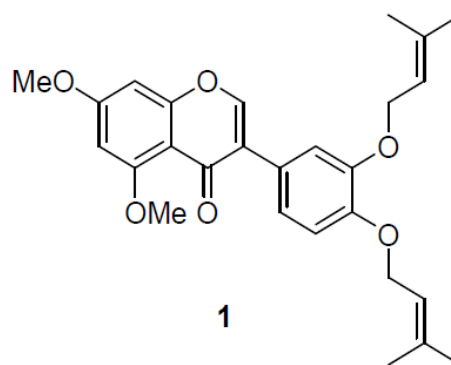

Compound For The Treatment Of Cerebral Disorders

INVENTORS

Cristina LIMATOLA, Giuseppina D'ALESSANDRO, Lucia DI MARCOTULLIO, Paola INFANTE, Bruno BOTTA, Mattia MORI, Francesca GHIRGA, Cinzia INGALLINA, Simone BERARDOZZI

DESCRIPTION

The invention provides a method for rapidly and efficiently distributing a compound of formula (1) or similar compounds and/or pharmaceutically acceptable salts thereof, either alone or in combination with other compounds. The present invention also provides intranasal pharmaceutical compositions comprising a compound of formula (1) or analogous compounds thereof and/or pharmaceutically acceptable salts thereof in a variety of unique pharmaceutical dosage forms, alone or in combination with other compounds.

APPLICATIONS

Pharmaceutics

KEYWORDS

Pathologies, brain, prevention, salts, intranasal

BIBLIOGRAPHIC DATA

Composto Per Uso Nel Trattamento Di Patologie Cerebrali

Application Number

IT 102018000002402

Priority Date

February 5, 2018

Applicants

Fondazione Istituto Italiano di Tecnologia, Sapienza Università di Roma
