TITLE

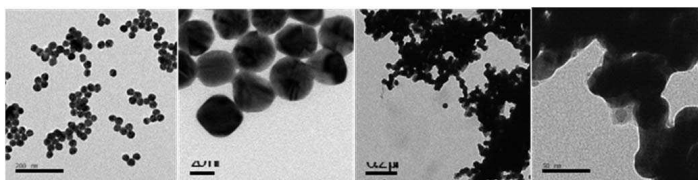

Colorimetric Procedure for the Determination of Organic Mercury

INVENTORS

Paolo DONATI, Pier Paolo POMPA

DESCRIPTION

The invention relates to a colorimetric method for the determination of organic mercury. In particular, the colorimetric method of the invention is applicable to the determination of organic mercury in complex matrices, such as food matrices.

APPLICATIONS

Food industry, quantification of heavy metals

KEYWORDS

Colorimetric method, organic mercury, heavy metals, food matrices

BIBLIOGRAPHIC DATA

Procedimento Colorimetrico Per La Determinazione Del Mercurio Organico

Application Number IT 102018000008034

Priority Date August 10, 2018

Applicants Fondazione Istituto Italiano di Tecnologia
